Spectator Seating Procedure

We are excited to host so many talented athletes! To ensure a safe and fair environment for everyone, we have updated our seating policy for this event due to its size:

Fair Viewing for All Spectators We want every parent and fan to have the chance to see their swimmer compete. To make this possible, we recommend the following "View & Rotate" approach and ask that no one stays in a designated seat that is not handicap seating during the prelims of the meet:

1. **Watch Your Swimmer:** Head to the mezzanine or designated viewing areas when your swimmer is up.
2. **Rotate Out:** Once their heat is finished, please move to the **bleachers in the Rinks** or the main lobby. **Please do not set up chairs in the facility or gather in the top floor lobby.** All lobbies should remain free for the other patrons of the facility.
3. **Share the View:** By rotating out of the primary viewing windows, you allow the next group of parents to see their children swim fairly.

Pro-Tip: The facility offers plenty of space in the MAIN lobby and rink areas to relax between events. We appreciate your cooperation in making this a positive experience for all our athletes.

• **IMPORTANT NOTES**

Please be respectful of the staff working hard to make this a great experience for all of the athletes participating. There will be zero tolerance for any disrespectful behavior toward staff members.

Setting up chairs in the facility is strictly prohibited.

When not actively watching your athlete swim, please move to the first floor lobby or hockey rink bleachers.

If we do not see an improvement during Saturday morning prelims, we will have to eliminate spectator viewing entirely. Thank you in advance for your cooperation.
